FRANCE MOVES TOWARD GREATER GERMAN COLLABORATION

Laval and Darlan Will Have Places in New Government

BY TAYLOR HENRY
Vichy, April 14—(AP)—The Petain government, which once ousted Pierre Laval, made a place today for the return of France's leading exponent of collaboration, and, at the same time, suspending the Riom trials of France's Republican leaders, to which Hitler himself had objected.

INTENSITY OF SOVIET DRIVE IS INCREASING

Moscow Claims 9,000 Nazis Slain and 76 Tanks Destroyed on the Leningrad Front

STRONGHOLD SEIZED

Kuibyshev, Russia, April 14—Soviet forces have slain 9,000 Germans and destroyed 76 tanks on the Leningrad front from April 1 to 10 and levied fresh tolls upon Nazi sea and air strength, the Russians said today.

Recapture of a locality of great importance on the northwestern front and occupation of some additional communities were announced without detail in a communique broadcast by the Moscow radio.

Another communique said a Kalinin front stronghold was seized by the Russians in fighting which cost the Germans 900 killed, eight field guns, 15 machine-guns, a mortar battery, two tanks and eight pillboxes.

A German transport was reported sunk in the Barents sea Sunday.

The Soviet information bureau said destruction of 322 German planes last week increased to 1,103 the total shot down or demolished on the ground since March 11, this against a loss of 214 Russian aircraft. (Adolf Hitler's air force is described by Basil Cardew, London Daily Express aviation writer, as on the defensive.)

From the muddy Bryansk front southwest of Moscow came word that reserves had given the Germans numerical superiority on one sector.

Intense fighting has developed in the Kursk-Kharkov region of the southern battle zone in the past 24 hours and Soviet pressure is particularly strong there, a Vichy news agency dispatch declared.

Berlin (From German Broadcasts) April 14—(AP)—German forces have occupied a large number of localities on the central sector of the Russian front, the Nazi high command communique said today.

The Berlin radio reported earlier that spring thaws "seriously impeded military operations" on the Russian front.

FLYING CROSSES FOR U. S. BOMBER CREW

Honolulu, April 14—(AP)—A bomber crew of nine men, including two Pennsylvanians, have been awarded Distinguished Flying Crosses for photographing enemy territory which led to successful bombing action by U. S. forces.

Two of the awards, presented by Lieut. General Delos C. Emmons, commander of the Hawaiian department, went to Corporal Jerome J. Parsons of Johnstown, Pa., and Private Robert Johns of Fortyfort, Pa. They were cited for "heroism and extraordinary achievement."

GOT ANY NYLON MONEY?
Washington, April 14—(AP)—Got any nylon money? Treasury officials disclosed today that currency printed on paper containing nylon instead of silk was put into circulation a few days ago but to one seems to have spotted it. General circulation of the new brand, however, must wait until the stock of silk-threaded paper is used up.

CEBU FORCES REPORTED TO BE RESISTING

Communications Between The Island and Corregidor Said to Have Been Re-established

NO LET UP IN RAIDS

Washington, April 14—(AP)—Fighting against odds, a beleaguered force of American-Filipino troops was reported today to be holding the Japanese at bay on the south-central Philippine island of Cebu.

Despite the weight of numbers and the crushing force of tanks and dive bombers supporting their drive, the enemy apparently had been unable to push their way inland from the coastal area which they seized with landings at several ports last Friday.

The fate of the Cebu defenders had been a matter of gloomy speculation since communications between the island and Corregidor fortress were disrupted more than three days ago, but the re-establishment of communications and reports of stubborn resistance to the invaders were disclosed in a communique this morning.

The enemy force thrusting into Cebu, 300 miles south of Corregidor, since last Friday was estimated at 12,000. They came ashore under the covering fire of warships, one of which—a large cruiser—was sunk by a small torpedo boat of the defending forces.

The communique reported also that sharp skirmishes with the enemy were continuing in the Digos area of Mindanao.

Corregidor and the other fortified islands of Manila Bay were reported still under heavy artillery fire from enemy batteries on both sides of the bay, but the forts still were replying with counter-fire.

There was still no official word of the fate of the American-Filipino forces in Batan peninsula, where the Japanese claim to have captured 40,000 troops, including high ranking American officers.

An imminent Japanese attempt to storm Corregidor by night from barges was indicated today in dispatches from the island fortress.

In the last 24 hours Corregidor's guns were reported officially to have sunk a medium-sized Japanese vessel off the Batan coast, hit two Japanese tanks and truck columns operating on the peninsula, and smashed a concentration of Japanese small boats at the fishing village of Mariveles.

Military observers saw in these reports indications that the Japanese were massing for an assault. (Turn to Page Seven)

Illinois Has First Primary Since Dec. 7th

Chicago, April 14—(AP)—Illinois voters came out by the hundreds of thousands today to demonstrate how a democracy works in war time.

They marked ballots in the first major primary election held in the United States since Pearl Harbor. With complete freedom of choice, they nominated candidates for U. S. senator, for 26 congressional seats and a large category of state and local offices.

The paramount issue was successful prosecution of the war. All candidates agreed that it must be won, and quickly. The big question in the minds of political observers was: "How many voters will leave their occupations to exercise one of the rights they are fighting for?"

James Says Pledge Drive Must Go Over

Harrisburg, April 14—(AP)—The Pledge for Victory campaign Thursday "must be a success" in Pennsylvania, Governor James declared today. "Pennsylvania has led the way in every war effort and Pennsylvania must continue to lead the way in the Pledge for Victory campaign," he said in a message to be sent war savings chairmen in all 67 counties.

"Signing a pledge for victory," added the governor, "means signing a pledge for a regular investment in defense savings bonds, to be purchased each week or month in regular purchases. Each Pennsylvanian should carefully consider how much he or she can purchase regularly until the war is won."

Trouble Over Unionization Of Dairymen

Lewis Charged With Trying To Control Vital Foods To Win More Power

TERMED A "RACKET"

New York, April 14—(AP)—Whatever the outcome of the bitter battle raging in the New York milkshed over John L. Lewis' efforts to unionize dairymen, consumers were assured today it would not affect prices.

From N. J. Cladakis, milk market administrator, came the reminder that milk prices are established by the federal and state governments and the declaration that both bodies will continue to set prices.

Trouble brewed on three fronts, meanwhile, over Lewis' attempt to bring farmers into his union.

In New York, the executive committee of Free Farmers, Inc., representing dairymen of New York, New Jersey, Pennsylvania and Vermont, charged that Lewis was trying to control milk and other vital foods to win "the power of a dictator."

At present, the UMW is concentrating its Pennsylvania organizing efforts in the counties which mainly supply the New York milkshed.

In Harrisburg, John H. Light, state secretary of agriculture, said he had not "taken a position in the matter" because he is unfamiliar (Turn to Page Seven)

BISHOP TAIT PANS TO RESIGN NEXT YEAR

Philadelphia, April 14—(AP)—The Rt. Rev. Francis M. Tait, 80-year-old bishop of the Protestant Episcopal diocese of Pennsylvania, was reported today as planning to resign the bishopric Nov. 1, 1943.

Bishop Tait has asked that a bishop coadjutor be elected at the annual diocesan convention May 12 to succeed him upon his retirement.

Bishop Tait, who is in excellent health, was elected bishop coadjutor of the diocese in 1929 as he was beginning his 37th year as rector of old St. Paul's church in Chester. He automatically became bishop upon the death of the Rt. Rev. Thomas J. Garland in 1931.

Electric Firm In Patent Pool

Washington, April 14—(AP)—A vast patent pool, described as linking the General Electric Company in this country with Krupp interests in Germany, was pictured as a war production bottleneck today by John Henry Lewin, special assistant to the attorney general.

The government lawyer presented a mass of 124 exhibits from the justice department anti-trust files before the senate patents committee to support his charges that General Electric and its subsidiaries had entered into a patent pool arrangement with the German interests involving cemented tungsten carbide.

This, Lewin told senators, is a metal hardening material vital to the machine-tool industry and production of guns, shells, armor-plate, airplanes and many other munitions of war.

UNITS URGED TO BE READY ON SCHEDULE

Important That All Entries Be on Hand to Move Promptly at 7:15 O'clock Wed. Night

THE LINE OF MARCH

With additional entries still being reported today, Warren's big "Three-in-One" Victory Parade to be held tomorrow evening at 7:15 o'clock promises to be one of the largest in the history of this community. Almost every patriotic and civic organization in the borough, as well as many from other sections of the county, will be in the line of march.

The parade, which will launch the county's Pledge for Victory and also celebrate Army Day, will start forming at 6:30 o'clock and in order that every bit of daylight may be used, those taking part have been requested to be on hand promptly so that the procession may move at the stroke of 7:15.

A check-up today reveals that every group in the Warren County Defense Council will be represented in the parade, the latest to join being the Victory Garden committee which will have a float and marchers.

STUDY PARADE ORDERS

Those in charge of the parade today requested all those participating in the Victory Parade tomorrow evening to study carefully the parade orders, printed on Page 6 of this issue, in order that they may know where to report. Entries should report to the division chief at the location stated in the parade orders.

Practically all activity in the community will cease during the time of the parade, with organizations which are scheduled to hold meetings at that time postponing them until later in the evening or another date. Only those industries engaged in defense production will continue to work as usual.

First announced as a three-mile-long parade, it was indicated today that additional entries since Saturday probably will increase the length by at least another mile.

At a meeting of the parade committee, held yesterday afternoon in the Chamber of Commerce office, it was stated that everything is in readiness for the big event and only good weather is needed to make the parade a complete success. (Turn to Page Seven)

Longer Week For the Hard Coal Industry

Harrisburg, April 14—(AP)—The Pennsylvania hard coal industry stepped up production today in an effort to fill domestic needs before an expected transportation shortage develops under the war program.

Ordering a five-day working schedule this week, the anthracite emergency committee fixed allowable output for the period at 1,197,860 tons compared with 958,288 tons for four days' work last week. The five-day week is the first for the industry since the latter part of February.

Mark S. James, state secretary of commerce, who administers the emergency program designed to stabilize the industry, predicted the five-day schedule would continue until well into the summer. He expressed doubt, however, that there was an adequate amount of orders on hand to take care of the increased tonnage. (Turn to Page Seven)

PAINESVILLE HAS A \$50,000 FIRE TODAY

Painesville, O., April 14—(AP)—A \$50,000 fire today destroyed the Economy Lumber Co. here, delaying freight shipments over nearby New York Central railroad tracks and threatened to spread to oil storage tanks of the Lake County Oil Co.

The New York Central's Twentieth Century Limited sped through flames over tracks adjoining the lumber yard, but a train of oil tank cars was held up for two hours.

Target of Jap Attacks

Battered by Japanese bombs and long-range guns, the harbor of beleaguered Corregidor, island fortress where American and Filipino troops are making a last ditch stand, today presents no such peaceful picture as this.

County School Head Elected By Directors

H. L. Blair is Unanimous Choice to Succeed Self At Annual Meeting

POPULAR SELECTION

At the quadrennial meeting of the school directors of Warren county, held this morning at the court house, H. L. Blair was unanimously re-elected county superintendent of schools for a four-year term. Mr. Blair was first elected to the position in 1938 to succeed C. S. Knapp, who retired after 30 years at the head of the county schools.

Associated with the schools of the county since 1912, when he was first named assistant principal at Clarendon, Mr. Blair was assistant county superintendent from 1915 to 1938. In his four years as head of the county schools he has proved very popular with all those with whom he has come in contact.

During the meeting the directors named George Seavy, of Clarendon, as chairman, and Frank Patchen, of Sugar Grove township, secretary.

Tellers for the election were R. D. McKelvey, of Spring Creek township; Hadel Wright, of Cone-wango township; and George Champion, of Mead township.

ARMED OBJECTOR IS TAKEN BY THE F. B. I.

West Chesterfield, Mass., April 14—(AP)—Gregory Carhart, 29, who had threatened to "shoot it out" with anyone who attempted to arrest him for failing to report to his selective service board, was placed under arrest today by three Federal Bureau of Investigation agents, who immediately took him to Boston.

The agents reported that Carhart offered no resistance.

Stiff Penalty For Sabotage

Harrisburg, April 14—(AP)—Bills imposing stiff penalties for sabotage and violation of the State Defense Council's regulations governing blackouts during air raids were signed into law today by Governor James.

Both the sabotage and air raid regulation bills were pushed through the legislature during the final hours of the war-time special session.

The sabotage measure fixed a fine of \$10,000 and 10 years in prison for intentionally defective workmanship on defense contracts and made unlawful entry on a posted plant, property or dam, punishable by \$50 fine and 10 days in jail.

The air raid penalty bill fixed a \$200 fine and 90 days in jail for violating emergency rules of the State Defense Council and authorized a fine of \$1,000 and two years imprisonment for intentionally turning in a false air raid alarm.

SITUATION IN FAR PACIFIC IS OMINOUS

Japs Claim Capture of 40,000 on Bataan as British Admit Nipponese Successes

AIR FIGHT INCREASES

BULLETIN

New Delhi, India, April 14—American and British fliers have struck strong blows in the defense of India, threatened by a Japanese fleet of three battleships, five aircraft carriers and other warships in the Bay of Bengal, smashing 13 big flying boats in the Andaman islands and attacking an airdrome in Burma, it was announced today.

BY ROGER D. GREENE

Associated Press War Editor
Imperial Tokyo headquarters asserted today that Japan's invasion armies had captured 40,000 prisoners, including 15 generals, since the beginning of the Bataan offensive in the Philippines, while on the Burma front British headquarters acknowledged a dangerous new Japanese thrust toward the Central Burma oil fields.

A British communique said Japanese troops driving up the Irrawaddy river had captured the village of Migyathungye which is only 22 miles south of the Mibou oil fields.

The British also reported increasing Japanese pressure below Taunggyingyi, 90 miles northeast of Prome, about midway between the British-defending right flank and the Chinese-guarded left flank of the main Allied defense line.

Other developments in the far Pacific theatre:
Iran—With India imminently threatened by Japanese invasion, Iran (Persia) broke off relations with Japan.

Lying midway between India and the North African battle zone, Iran would be a likely route for an attempted junction of Japanese and German armies.

Australia—United States and Australian fliers blasted away at Japanese invasion bases at Lae, New Guinea, and Keopang, Dutch Timor, attacking ships and airdromes.

Philippines—The Japanese said 6,700 of 40,000 prisoners they captured on Bataan Peninsula were United States soldiers, as distinguished from native Filipino troops, and declared that booty included 196 guns, 320 machine-guns, 500 automatic rifles, 10,000 rifles, 124 tanks and armored cars, and 124 tanks and armored cars. BIG ROAD PROGRAM HALTED BY W. P. B.

Harrisburg, April 14—(AP)—A War Production Board order halting all non-defense construction resulted today in Pennsylvania's scrapping what was considered its biggest road building program in history.

Highway Secretary I. Lamont Hughes stopped a \$50,000,000 construction drive for 1942, except for projects already under way and an undetermined amount of improvements needed for military purposes.

Chief Engineer Thomas C. Frame said the WPB order applied to all state highway projects not underway before April 9, including those employing WPA labor. He estimated jobs under way or under contract amounted to \$20,000,000 to \$25,000,000, or half of the program.

Bid Made For Vichy Support

Washington, April 14—(AP)—The United States has bid for the support of all Frenchmen in a formal note to the Vichy government pledging that an Allied victory will restore "the sovereign rights of the people of France."

The message spoke sympathetically of the plight of the Petain government under the overlordship of "the present criminal regime on Germany." It declared Frenchmen collaborating with Hitler have "attempted to prostitute (Turn to Page Seven)

WAR BULLETINS

Washington, April 14—(AP)—United States seizure of French possessions was demanded today as a reply to plans of Vichy France for a new government embracing Axis-Admiral Pierre Laval.

London, April 14—(AP)—A Norwegian government-in-exile spokesman estimated today that the German-controlled Quisling regime had imprisoned 2,000 teachers and Lutheran ministers in the occupied kingdom in the last six weeks.

London, April 14—(AP)—General George O. Marshall, U. S. Army chief of staff, conferred several times yesterday with Lord Louis Mountbatten, chief of Britain's hard-hitting commandos, and arranged for further conferences today, it was stated reliably today. (Turn to Page Seven)

"Travelcade" For Baptist Young People

The second annual "travelcade" for Baptist young people, their pastors and counselors will be held at the First Baptist church here on Thursday, the program beginning at 9:30 a. m. and continuing through the day and evening.

Baptist young people within a radius of 65 miles will attend and seven state denominational leaders will present the program.

Outstanding among the speakers are Rev. Ernest L. Atkins, recently returned from the Belgian Congo, British veteran of World War I, thrice wounded and twice decorated for bravery in action; the former Russian Baroness Torsinoff, now Mrs. Charles Messinger, one of the richest women of Europe, who was educated with Russian and European royalty. The story of her life previous to the revolution, tragic experiences during and following that period and her miraculous escape to this country will be told at the public meeting at 7:30 p. m.

Paragraphs On Parade!

Members of the local unit of the Pennsylvania Reserve Defense Corps, under Lt. Arthur Dickinson, will assemble at the armory at 6:45 o'clock tomorrow evening to march in the Victory Parade. Because of the fact that uniforms have not yet arrived, the men will parade in their denims, which were issued some time ago.

Elk Lodge members have been requested to meet at the lodge home at 6:45 o'clock to march in the parade. All activities at the club will be suspended during the time of the procession.

All Girl Scouts are asked to meet at Headquarters, 311 Market street, at 6:20 p. m. Wednesday to participate in the Victory parade.

It is announced today that the Victory Gardeners of Warren County have entered a float and marching unit in the parade for tomorrow evening. This unit will consist of all interested gardeners who are not already parading with some other unit, and any who have not been asked and wish to participate are asked to communicate with Homer E. Mead, Secretary of the Advisory Committee, who will be pleased to sign them up.

Two More Warren Young Men Enlisted in Aviation Cadets

The names of two more Warren young men have been added to the rapidly growing list of those from this vicinity who have enlisted in the Aviation Cadets of the U. S. Army Air Corps. It was announced today by Lt. Richard C. Leib, recorder for the Aviation Cadet examining board at Erie, during a visit to Warren yesterday.

Those who qualified both physically and mentally in Erie are Floyd B. Kifer, 5 West street, and Donald J. Smith, 12 Conewago avenue. Both were enlisted in the U. S. Army Air Corps and given a thirty day furlough. Prior to being sent to an Aviation Cadet Replacement Center they will be appointed Aviation Cadets. Kifer and Smith are the first from Warren to qualify from the Erie board.

Lt. Leib came to Warren yesterday to stress the fact that an Aviation Cadet examining board now is in operation in Erie at the court house—Perry Square and State street. The service was extended to Erie to accommodate young men from the northwestern Pennsylvania area who desire to enlist as Aviation Cadets.

The physical examinations are held in Room 125 at the Erie court house on Tuesdays and Thursdays, and the mental examinations are given on Mondays and Wednesdays. Recruiting officers advise against an applicant taking both on the same day, although this

privilege is extended to men who desire it that way.

Aviation cadet requirements, recently lowered, take in young men between 18 and 26, either enlisted men in the army or civilians who have been citizens of the United States for at least 10 years prior to application. Married men are eligible, if they sign a statement that dependents have adequate support. Formal schooling no longer is a prerequisite.

In Warren, young men interested in this branch of the service may obtain application blanks and further information by contacting the Warren Lodge of Elks, Hickory street and Fourth avenue. They may also obtain blanks by writing to the U. S. Army Recruiting Service, Aviation Cadet Examining Board, 125 U. S. Court House, Perry Square and State Street, Erie, Pa.

The pay of Aviation Cadets while in training for a period of seven and a half months is 75 per month, plus \$1 daily as subsistence allowance. While undergoing training they are furnished quarters, medical care, hospitalization, necessary uniforms, clothing, equipment and a \$10,000 government insurance policy—all at government expense.

During his visit to Warren yesterday, Lt. Leib contacted officials of the local Elks Lodge, veterans' organizations, Y. M. C. A. and the high school in the interest of the Aviation Cadet program.

County Bond Campaign To Start Thurs.

Over 500 air raid wardens of Warren borough and county are ready to open their "Pledge Plan" drive for the sale of U. S. Defense Bonds and Stamps on Thursday of this week. The campaign will run 'til April 23rd; during which period it is hoped that every home in the county will have been visited.

The importance to the Government's war aims of the systematic purchase of these bonds and stamps has been emphasized by the U. S. Treasury Department for many weeks. In a supreme effort to find out what percentage of its citizens will promise to purchase bonds and stamps for the duration, the Government is conducting this gigantic campaign which will enter every household in the nation during the week of April 16-23.

Locally, the air raid wardens are ready and anxious to perform the task assigned to them. The ground work has been laid, the facts have been told and the goal is final and complete victory. They believe that to the hundreds already purchasing defense bonds and stamps will be added the names of thousands more who will pledge their government this assistance, in no matter how small a way, until the successful conclusion of the war.

The blue Minute Man sticker, which will be awarded to all homes where one or more members of the family promises to make a systematic purchase of a stated amount of bonds or stamps "for the duration", will be the sign by which the success of the drive may be judged. This sticker will make its appearance in many homes on Thursday and Friday of this week and many homes in which it will be shown, the greater will be the assistance which citizens of Warren are giving their government in time of all-out emergency.

ATTENTION ELKS

All members of the Warren Lodge of Elks are requested to meet at the lodge home Wednesday at 6:45 p. m. to participate in the Victory parade.

RECKLESS DRIVING

According to the Corry Journal, Robert Moore, of Garland, faces a charge of reckless driving, and possibly of crashing several right lights at Corry, in a wave of wild driving about the business section there shortly after midnight Saturday morning. His car was first noticed by Patrolman John Cullen when it raced north on Center street. The officer was successful in getting the license number but could not stop the machine. More complaints were received about the speedster, whose identity finally was established. The car was owned by Charles Moore, of Garland.

New Atmosphere, Same Game as Baseball Season Opens

War Not Forgotten, But Big Crowds Are Anticipated Today

BY AUSTIN BEALMER
New York, April 14 (AP)—This day that business men neglect their business, professional men neglect their secretaries, and boys beg off for grandmother's funeral. It's major league baseball's opening day.

Unless the weather intervenes, 16 teams will move off together tomorrow, with something like 200,000 fans in the stands and thousands following their wives by remote control. Since 1918, the 67th annual national league campaign and the 1 for the American circuit open the most unusual setting in the story of baseball.

The war failed to interfere with country's national sport because President Roosevelt bade the game go on. But the customers have a hard time forgetting the United States is at war. In raid precautions will be observed day and night at most of the major league parks. Signs and laws will tell the fans which way to go to be safe from bombardment—information that might be helpful to visiting pitchers in places like Yankee Stadium.

The 1941 champions of both the leagues open on foreign fields. The New York Yankees, owners of the American League and the Brooklyn Dodgers begin the season of their National League against their blood enemies, the Giants, at New York's Polo grounds.

The Yankees, top-heavy favorites rule the junior circuit again, with new faces at the farm house of their infield, but with all the heavy artillery still loaded.

Baseball's contribution to the effort is exemplified at Detroit, where a Cleveland team without Feller makes its first start against young Lou Boudreau against Detroit team without Hankenberg. The Indian mound ace and the slugger, like more than 60 other major leaguers, are on a major tour, managed by Uncle Sam.

Other opening games: American League—Chicago vs. St. Louis at Chicago; Philadelphia at Boston; National League—Chicago at St. Louis; Pittsburgh at Cincinnati; Boston at Philadelphia.

With Picks Yankees And Bucs in Races

Hollywood, April 14 (AP)—The star says Babe Ruth is getting off perfectly all right, but some reviewers wondered just a bit. The big fellow, recovering from pneumonia, said he liked the Pittsburgh Pirates to win the National League pennant.

Sure, I know most of the boys picking them fourth or fifth. I think Frankie Frisch's boys going to be a big surprise, tech "am," said the Babe, without a trace of defiance.

Of course it was no surprise when he picked his old team, the Yankees, to repeat in the American League.

Top Billiard Player Here This Evening

Joe Chamaco, dashing caballero from south of the border, champion of the world at three-cushion billiards in 1939 and present champion of Mexico and South America, will present an exhibition at the local Elks Club this evening at ten o'clock, meeting one of the club's leading players in a match and also showing fancy and trick shots.

Chamaco, who is on his first tour of the United States as a member of the National Billiard Program, is a most colorful and dynamic cue personality and his style and stroke are worth watching. Willie Hoppe defeated Joe by one point in the 1940 world's championship tournament.

Chamaco holds the world record for high run of 18, and also the best average of 2 4/23 points per inning. He will also make an appearance at the Warren Billiard Academy, scheduled for 8:30 o'clock.

299 Score Is Hit In ABC

Columbus, O., April 14 (AP)—On hands and knees, two American Bowling Congress experts crawled over a pair of tournament alleys today—all because Slim Joe Heinrich of Chicago tallied a 299 score in his singles final.

The 48-year-old beer salesman came within a single pin of a perfect 300 game on the Nos. 25 and 26 lanes yesterday. After 11 strikes Heinrich was felled by the No. 2 pin.

So to comply with ABC requirements, John Hilbert and Al Matzelle of the ABC alley certification corps measured and checked the drive to qualify Heinrich for his prospective high count award. The next highest individual game score in the 1942 tournament to date is 297, rolled by Henry Wollenberg of Davenport, Ia., Sunday.

Ladies' Alley Event Friday

Their league season is over, but the town's lady bowlers haven't put their equipment away quite yet, and Friday night a field of at least 25 are expected to take part in the women's five-man tourney to be held at the Arcade Recreation.

Bowling starts at 7:30 with the ladies rolling their games across the four alleys at the establishment.

A week from this Friday will be the annual ladies' doubles tournament. More details concerning both events will appear on this page of the Times-Mirror later.

Butcher on Mound For Pirates Today

Cincinnati, April 14 (AP)—A near-capacity crowd of approximately 5,000 fans was in prospect for the season's opener here today between the Cincinnati Reds and the Pittsburgh Pirates.

Bucky Walters was ordered to the mound for the Redlegs to oppose the visitors' giant right-hander, Albert Max Butcher. Making their debut with the Reds are Catcher Hensley, Third Baseman Bert Haas and Outfielder Gerald Walker.

Gov. John W. Bricker of Ohio drew the year's "first pitch" assignment.

SCHEDULE SAILORS

Bloomington, Ind., April 14—Baseball coach Paul Harrell rescheduled the Wabash game so Indiana could meet Great Lakes baseball team, April 28.

Norm Wooster Fires 634 Set At Arcade; Fielding Posts 627

Nummy Wooster smacked the pins for a 634 series to lead the individual efforts, and Kinnear's Office Supply posted a team total of 2761, both scores fired in the Arcade Industrial League, to lead the town's bowlers as they moved in upon a new week of bowling in the community.

Joe Fielding pounded out a 627 set to pace the Kinnear quint to four points, though they had a hard time getting the triumph, winning by only about 600 pins.

Wooster topped the Butter Krusts as they won three points from the Heat Treat, getting second high team total for the night with 2618 pins. Other Industrial League action found Bab's Barbers taking four from the lowly Crossetts, and the Times-Mirror tied in their match with the Forge Shop.

At the Elks club, the South Side Market applied most force to their action and hit 2568 in taking a handsome four points from Willis with Windy Morse topping the winners, getting 594.

Fred Baldensperger also smacked 594 as he led the Warren Tank team to a three point conquest of the Keystone, the Style Shop won

four on a forfeit by Harvey-Carey, and Kirbergers completed the club program with a three point win over Darlings.

Adams Market took four points from the Revere House and Central Grocery whipped Schraybans to gain the finals in the Moose tournament which winds up with the finals Sunday.

Honor roll scores: At Arcade—N. Wooster 256, Fielding 220, Logan 222, At Elks—Berdine 214, F. Baldensperger 211, Woodruff 212, Morse 243, Printz 227, At Moose—Reese 213, Waples 237.

FOOTBALL

Lacy and South engaged in a five-inning Gre-Y football league contest at Beatty field yesterday, but the final score took on a remarkable similarity to one you might find on the gridiron. The Glade footballers triumphed 36 to 12, with both sides using two so-called pitchers. Tonight Jefferson and East are slated to tangle on the same diamond.

The slim, red-faced sharpshooter gathered himself together after taking a nerve-shattering six on the first hole to shoot a great 69 and defeat his old friend, Ben Hogan, of Hershey, Pa., by a single stroke in yesterday's play-off for what probably will be the last Masters' tournament until after the war. They had tied at the end of the regulation 72 holes at 280 strokes apiece.

PLAY BALL! . . . In eight major league parks that was the first official step taken today, as the 1942 baseball season got under way. . . . And inasmuch as this edition of the T-M appears before the games are over, plus the fact that we're writing this really on Monday afternoon, these predictions are honest if not accurate. . . . Today's winners as we see 'em. . . . In the National League—Brooklyn over New York, Boston over Philadelphia, Pittsburgh to top Cincinnati, and St. Louis, Boston and Cleveland to bounce Detroit. . . . That's it; now let's see which one we guessed correctly. . . . That no one will violate Euc training rules was emphatically shown Monday when Frankie Frisch suspended Hank Gornicki for staying out of his cozy little bed a bit too long. . . . Nevertheless, that's the way to keep discipline and a good ball club. . . . And now we see that Billy Conn's papa. . . . of a strapping baby boy who likely will become William Conn, III.

The greatest worry among high school athletic bodies at the present time is how football and basketball teams are going to be transported come fall and winter again. . . . Buses are so busy, it is reported in some areas, one cannot be chartered unless a pretty sum is forfeited, and individuals affiliated with the sports aren't going to be especially willing to use their own automobiles when tires can't be replaced, it is stated. . . . So, as things shape up now, though it's very early to state anything definite, a good many scholastic schedules may be sliced considerably before the grid and court seasons come rolling by. . . . Ray Peebles, Erie Dispatch-Herald sports editor, finds this case especially apparent in District Ten, and offers the hint that Sharon and Farrell may find themselves dueling in their own backyards once more. . . . Oil City St. Joseph's High School is trying baseball for the first time in the parochial school's history, this spring. . . . They've got a busy schedule, but want a couple more opponents.

NET TOURNAMENT OPENS AT 'Y' THIS EVENING

With ten teams seemingly in the fold, unless a last minute interruption causes the withdrawal of one unexpectedly, the city-wide Y. M. C. A. volleyball tournament gets under way this evening, the first game slated for 7:15 o'clock, and the other to follow in the order they are scheduled until the opening round is completed.

Opening what looms as a new annual event on the local sports program will be tonight's engagement between the First Methodists and St. Paul's Lutherans. Following will come an elimination involving the First Baptists and the First Presbyterians. The remainder of tonight's opening round then will include these matches: Y-Seniors vs. Marins, First Lutherans vs. Nameless Six, and Senior Hi-Y vs. New Process, to be played off in that order.

As no volleyball tournament has been staged locally in recent years, there is no possible way in which teams could be seeded for this event, but it is expected that keen competition will be encountered all along the route, all teams being on a comparatively even basis.

As Ed Hasler, "Y" physical director, had planned it today, tonight's contests will go to the regulation route to 21 points, even if games must be carried over until tomorrow night.

The semi-finals will be run off under the best two out of three games series, and the finals will be a five games series, the winner having to claim three victories.

Sports fans are welcome tonight, and every night of the tourney, and there is no admission being charged.

New York, April 14—The bands may be playing "Take Me Out to the Ball Game" today, but it's our hunch that before the season ends the tune will be "There'll Be Some Changes Made." . . . Baseball's first test blackout is scheduled in Cleveland May 22, when the Browns play a night game at the Stadium. . . . It probably won't seem like much of a novelty to the Browns. . . . The Newark International League club plans to start week-end games at 4 p. m., instead of 3, so the departing crowds won't interfere with the 5 p. m. factory traffic. . . . Vic Devincenzi, head of the Oakland club, suggests week-end baseball for the Pacific Coast League with the players working on defense jobs the other five days. . . . That's the way they're running football in England.

Today's Guest Star.

Arch Ward, Chicago Tribune: "The situation is normal in baseball despite the war. . . . Fifteen major league managers are predicting that their clubs will finish in the first division. . . . The 16th is Joe McCarthy, and you know how he feels."

One-Minute Sports Page

Tony Galento has been shopping around for training quarters. . . . Wonder if he's thinking of a corner back or merely has decided he must be in better shape to referee razzing matches. . . . Patty Berg, whose knee was broken in an automobile crash last December, still has trouble getting around the golf course. . . . What playing she does amounts only to socking the ball from the tee. . . . Whirlaway is entered for both the suburban and metropolitan at Belmont's spring meeting. . . . He'll draw down about \$25,000 of the 88 G's he needs to match Seabiscuit's record—if he with them both. . . . John J. Hall, veteran Elizabeth Journal sports editor, is likely to succeed another newspaperman, Abe J. Greene, as New Jersey boxing commissioner—who should quiet the scribbles who have been blasting the proposed bench.

Mourner's Bench

Coach Harold "Pop" Kenney hasn't given up on his Sumner (Wash.) high school ball team. . . . He's not allowed to take his Japanese players more than five miles from home, and he has 15 of them and only seven Occidentals. . . . His star pitcher, Jim Hoban, was laid up with a busted toe. . . . And the sub pitcher walked 16 men in one game.

Ericksens Cop Crown At Conewango Club

The Ericksens annexed the Conewango Club bowling championship for the 1941-42 season last night in two straight games over the Pettibones.

Led by Van Tassel, Ritchie and Carter, the Ericksens took the first game, 875 to 831, and the second by a 977 to 944 margin. Neil McDonald offered a 215 honor roll score and led the losers.

Newsom vs. Knott In Bosox Opener

Boston, April 14 (AP)—All of the other five New England governors have been invited to observe Everett S. Saltonstall, Massachusetts' chief executive, throw out the first ball today when the Red Sox and Philadelphia Athletics open Boston's 1942 major league season before an expected crowd of 15,000 at Fenway Park.

Weather conditions promised to be favorable for the opener, which will get underway with Dick Newsom, the Red Sox' most effective pitcher, vying against the visitors' Jack Knott.

Chapter Five
Danger Ahead

"HOW charmingly your home is situated," Henri said nearly an hour later as they drove up before the old-fashioned three storied house on Sonoma Street where Merrills had lived since the Mad Forties.

"The view is pretty tonight," Stephanie murmured. She'd always loved the haughty old house, set so firmly on the crest of one of the City's steepest hills, impervious to time and earthquake and seasons. And looking down on the beautiful harbor like a watchful duenna.

"Marvelous view of the Golden Gate," Henri enthused. "Perfectly marvelous. I'd no idea one could see the entrance to the harbor so splendidly from here."

"You must see it in the day time, some time," Stephanie murmured vaguely as they went up the steep steps to the front door.

"I should be delighted," Henri bowed, and then, when she'd thanked him, said goodnight.

Strange, she thought, watching his car turn out the gravelled drive past the garage that had once been a stable, how unreasonably she disliked that man.

Then she immediately proceeded to put him completely out of her thoughts as old Tsang waddled to the door in answer to her ring, his moon face strangely grave and unsmiling.

"Mister Guy is waiting for you in the library, little Missy." He stood nodding like a mandarin, hands rolled into white apron.

Stephanie pulled off her gloves. "Anything wrong, Tsang?"

The old Chinaman shook his head. "Mister Guy looks pretty sick. Pretty sick."

Which meant, Stephanie translated easily, that her father was tired. Had probably been too tired to eat the delicious dinner Tsang had undoubtedly prepared painstakingly. To Tsang's mind, anyone who couldn't eat the delicious dishes he concocted was "pretty sick." Especially his beloved Mister Guy. Old Tsang had been hovering over him, watching his likes and dislikes, worrying about Guy Merrill since he'd arrived from a hospital some forty-five years ago.

"And where you been, little Missy?" Tsang demanded.

Stephanie smiled. Next to Mister Guy, "little Missy" received the rest of Tsang's concern. "To Aunt Allison's. Fix us some hot chocolate, will you Tsang?"

Tsang beamed. "And some little cake. I fix it." Delighted, he shuffled off to his kitchen.

Stephanie's feet looked up from his book as she pushed open the door to his study. For an instant, she was shocked speechless by the heavy lines of fatigue, anxiety she saw engraved in his face. Surely he hadn't heard about her accident, been worried—

Dynamite

"HELLO, dear. Been hoping you'd turn up soon." He smiled, and some of the fatigue was erased as he held out his hands to her, drew her down onto his knee. "What you been up to?"

Stephanie sighed her relief. It wasn't she he'd been worrying about anyway. She'd tell him about the car in the morning. Now she tried to smooth away the weariness in his face. "Oh, just a party at the Mayfair with Vicky and a new tall and handsome to drive me home. What about you?"

His smile flickered, died off slowly. Like a warm fire, its going left his face ashen. Slowly he shook his head. "I only wish I knew."

"Why, Daddy. What's the matter?"

Passing one hand across his eyes, he released a great sigh. "It's been one damned thing after another up at the works at Titan. I don't know what's wrong. But

something's rotten. We've had one delay, one accident, after another. All absolutely unnecessary. All sheer carelessness."

"We can't tell," Scowling again, Guy Merrill beat his fist gently against the padded arm of the chair. "Not Maguire. I know I'm right in trusting him. Most of the other men are old and trusted employees. All union men. All good workers. All loyal—or at least I believe they are."

"Then who—"

"That's just it. Who is responsible. Overnight, things go wrong. Orders don't get delivered straight. Material gets sent to the wrong place." He jammed his pipe between clenched teeth. "Damned if I know."

"But Dad, can't you get police help? Some detectives or something?"

He shrugged. "I could if I had anything to report. But so far I haven't any specific evidence against anyone. It's just inefficiency—on the surface. You can't tell the FBI that."

"And your defense orders are important, of course, aren't they Daddy?"

He grinned wryly. "Dynamite. Most of it for

NEW USES FOR WOOD FOUND IN WAR TIME

New uses for wood are increasing the economic and strategic importance of this vital commodity at an astonishing rate, according to R. F. Hemingway, supervisor of the Agriculture Department's Allegheny National Forest here. Wood plastics give promise of expanded markets for the timber producer as Forest Service and other laboratories test and prove ingenious new uses for all products derived from wood.

Breaking wood down into its constituent parts and reassembling in new combinations has resulted in a great variety of new materials being produced. Some of the new plastics can be molded into articles almost as hard and smooth as glass. Mr. Hemingway continued. Many of these exceed metals in strength per unit of weight.

Most folks understand the working properties of the old familiar types of plywood, but recent improvements have made possible the manufacture of a laminated wood that is far stronger and more durable than herringbone. By coating thin sheets of wood with waterproofing chemicals and compressing them under great pressure they are literally "welded" into one piece. This new plywood is not only stronger but is also resistant to water. Boats are now being constructed from laminated wood panels.

By combining several layers of thin wood with a layer of metal under heat and pressure, panels of exceptional strength and durability are produced. This new metal surfaced plywood combines the rigidity of plywood with the smooth surface of metal paneling materials for building truck bodies, trailers, and similar equipment.

Most important of all at the present time is the use of laminated wood and plastics in the construction of aircraft. Under the stimulus of improved methods for producing plywood and the use of plastics in the manufacture of aircraft, forests are certain to occupy an increasingly important place in the future economy of America, states Supervisor Hemingway. We have become accustomed to thinking of wood in terms of fuel, cross ties, fence posts, and lumber, he stated, but we are approaching an era when wood may be utilized as a partial substitute for aluminum, magnesium, and other semi-precious metals. In view of this prospect it behooves us to treat our wood lots and forests with the care they deserve. Fires must not be allowed to rob us of any of our valuable forest resources. The best way to prevent loss is to keep fires from starting.

Help prevent forest fires.

General Orders For Victor Parade Announced by Marsh

General Orders for Three-in-One Victory Parade

- The parade will form its first division on Union street (facing south) with right resting on Pennsylvania avenue, west, at 6:30 p. m. (EWT) and the divisions following will form on Fourth avenue as directed except the Third Division, which will form on Laurel street (facing north) with its left resting on Fourth avenue.
- All units except the Third Division are requested to get into their correct positions by entering Fourth avenue from Liberty or Market street, thence going west to the proper division in order to avoid confusion at the place of division formation.
- Aides will see that all intersections are kept clear during the formation of the parade. Residents of the streets used for formation are asked to keep their cars off the street until after the parade has left.
- In case of accident, call the nearest of two ambulances in the parade. They have been put there for that purpose by the Lutz Funeral Home and the Peterson Funeral Home. The Gibson Funeral Home ambulance will be stationed there during the parade for the use of anyone desiring the service while the others are engaged in the march.
- The parade will proceed east from Union street promptly at 7:15 p. m. (EWT) to Crescent street, thence north to Jackson avenue, thence west to Conewago avenue, turning north there to Third avenue bridge, proceeding west on Third avenue bridge to Water street, where it will disband as directed by the division chiefs.
- The marshal and his aides will review the parade from the south side of the approach to the Third avenue bridge.
- In case of heavy rains, the entire program will take place the next (Thursday) evening at the same time and with the same formations.

Parade Orders

- The parade will march promptly at 7:15 p. m. (EWT). Warning and commands will be given by buglers attached to the divisions. All entries must be in place ready to go at that time.
- Colors will remain with the organizations to which they are attached.
- The parade will observe the following formation:
Cadence: 110-120 steps per minute.
Distance: 100 feet between divisions and 50 feet between all trucks and marching units.

Large Crowd Stated For Phils' Opener

Philadelphia, April 14.—(P)—The Phils and the Boston Braves open their National League baseball season today before a crowd expected to reach 15,000—most of whom look for the two clubs to wind up again in eighth and seventh places, respectively.

The Phils, with a new manager in John "Hans" Lobert, and a new name—they were the Phillies last year—called on St. Johnson to pitch while the Braves elected Jim Tobin.

VILLANOVA ADOPTS T

Philadelphia, April 14.—Clipper Smith, Villanova football coach, has adopted the T formation.

Situation in Far Pacific is Ominous
(From Page One)

Dispatches from Lieut. Gen. Jonathan M. Wainwright's headquarters on Corregidor Island, in Manila Bay, indicated that a Japanese attempt to storm the rocky citadel by night was near.

In the last 24 hours, Corregidor's guns were officially credited with sinking a Japanese ship off the Bataan coast and smashing Japanese small invasion-type boats massed at the fishing village of Mariveles.

Information was lacking on the fighting at Cebu, in the central Philippines, 250 miles south of Manila, where 12,000 tank-supported Japanese troops landed Friday.

The American and Filipino defenders were so badly outnumbered, however, that they were given little chance to resist more than a few days.

On Mindanao Island, 600 miles south of Manila, American-Filipino patrols were officially reported to have raided and burned eight Japanese food warehouses on the western shore of Davao Gulf, one of the "feeding points" for the Japanese thrusts toward Australia.

ment of Col. Lynn G. Adams to head the Pennsylvania state police, the fourth time the governor has had to rename the commissioner in three years due to refusal of Democratic senators to agree to confirmation.

The unprecedented action grew out of Adams' incurring the displeasure of some legislators by participating in a grand jury investigation of Democratic officials during the George H. Earle administration.

Along with Adams, James re-appointed a number of other officials whose nominations also went unconfirmed during the special session. They included John M. McKee, chairman of the Milk Control Commission and the Pittsburgh registration commissioners.

The governor, meantime, signed into law six more bills enacted by the assembly, bringing to 13 the number approved. Approximately a score more remain on his desk. Most of the legislation is designed to speed the war program.

Youngsville W. S. C. S. To Hold Meeting

Youngsville, April 13 — The Women's Society of Christian Service will hold their April meeting in the Methodist church parlors on Wednesday afternoon at 2:30. At this time the speaker will be Miss Jane Barlow, of Korea. She will tell of some of the interesting experiences of her life.

Mrs. Dwight Jack will sing the "Psalms". The devotionals for the afternoon will be in charge of Mrs. Willis Kinnear. Many important matters are to be discussed at the business session, so that a good attendance is greatly desired.

LOCALS
On Tuesday at 1:00 p. m. the American Legion Auxiliary will have a tureen dinner at the home of Mrs. Earl Walters.

Mrs. Nora Russell has returned from a winter in Florida.

The National Defense Council has asked the air raid wardens to make a canvass of the town from house to house on Thursday and Friday and Saturday of this week to secure pledges for war savings stamps and bonds.

At the meeting of the Youth Fellowship held in the Methodist church Sunday evening the invitation to attend a rally in the First Methodist church next Sunday afternoon in Jamestown was accepted.

A class of candidates will be initiated into the Brokenstraw Grange on next Tuesday night.

About forty of the Youngsville firemen and auxiliary and one of the fire trucks will be in the Victory parade in Warren on Wednesday evening April 15.

SCHOOL MUSIC GROUP HOLDS MEETING HERE

Robert Bloom, sound expert for Warner Brothers, was present at Monday night's meeting of the School Music Boosters' Club to explain acoustic requirements in construction of the band shell that is proposed and to advise the membership concerning its plans.

Harry Thurn presided at the meeting, attended by about 75 persons in the Beatty auditorium, and reports of many activities were given. Harry Summers spoke concerning the county music festival on April 25, which will include a fine concert, and the tri-city band festival between Bradford, Kane and Warren on April 30, May 1-2, with the concert in Warren on the final date. Boosters will provide transportation for the Dragons' trip to Kane.

It was stated that the cappella choir, under the direction of Carroll A. Fowler, will give a National Music Week concert on May 8 and that the annual spring concert of musical groups will be the following week. The annual ice cream festival at Beatty was announced briefly, details to be worked out later.

To conclude the evening, the new Struthers-Wells Band provided an entertaining program.

Mrs. Harry Thurn reported during the evening on the tag day for Saturday, stating that the committee already has more than \$100 in patron contributions.

Ruth B. Eckardt Is Mozart Members To Saturday Bride Of Present Program At Emmett W. Morrison Meeting of Philomel

Ruth Barbara Eckardt, daughter of Mr. and Mrs. R. G. Eckardt, 21 Cedar street, became the bride of Emmett Woodrow Morrison, son of Mr. and Mrs. S. B. Morrison, 315 West Fifth avenue, in a ceremony solemnized Saturday afternoon in the First Lutheran church by Rev. Edward K. Rogers.

In addition to the traditional wedding music, Mrs. Nicholas Andersen and Mrs. W. E. Yeager provided a 15-minute recital of organ and vocal music.

Given in marriage by her father, the bride wore a princess frock of white tulle taffeta, lace-trimmed veil held with seed pearl tiara and pearl necklace, gift of the bridegroom. White taffeta streamers decorated her colonial bouquet. Her matron of honor was her sister, Mrs. Frederick Olson, and Mrs. Merle Sterling was the bridesmaid. They wore pink and blue tulle, respectively, with tiny ruffled hats and gift necklaces from the bride, and carried colonial bouquets. Little Marilyn Bjers, daughter of Mr. and Mrs. Donald Bjers, Franklin street, as flower girl wore blue taffeta.

Charles William Morrison was his brother's best man and ushers were Frederick Olson, Frank Kulick, O. Ralph Newhall and Merle Sterling.

For the reception which followed immediately at the Y. W. C. A., 75 invited guests included Mr. and Mrs. Paul Jones, of Munhall; Mrs. Elmer Barrett, Lockport, N. Y.; Mr. and Mrs. Neil Fleming and daughters, Grove City; Mrs. S. Morrison, Sr., Rossiter, Pa.; Miss Elizabeth Abendroth and Don Morris, Buffalo, N. Y.; Miss Virginia Backstrom and Bob Simons, Youngstown, O.; Mr. and Mrs. George Smith, and Mrs. Richard Gierke, Youngsville, Pa., presiding at the bride's table were Miss T. Eckardt and Mrs. Paul Jones.

New York City, to be at home later, the newlyweds left for New York City, to be at home after April 17 at 109 Lookout street. The bride is a graduate of the local high school in 1938 and employee in the local office of the department of labor and industry and Mr. Morrison is a National Forge and Ordnance Company employee. He was graduated from Brookville High School in 1934 and attended the University of Pittsburgh.

Following the announcement party given by her mother, the following complimented the bride-elect: Mrs. Olson; Mrs. Sterling; Mr. and Mrs. Frank Kulick and Mr. and Mrs. O. R. Newhall.

One of the annual highlights of the Philomel Club season will be presented at the clubhouse at 230 P. m. Wednesday afternoon, when members of the Mozart Club of Jamestown, N. Y., come here to give a program.

Announcement has been made that the following numbers will comprise the program: "Sonata in D Major for two pianos" by Mozart, Miss Esther Elf and Miss Ruth Munson; current events in music, Mrs. Charles E. Goodell; "The Dream" by Rubinstein, "Twilight" by Sibelius, and "Svarta Rosor" by Sibelius, sung by Elvira Weborg Dryburgh; allegro affettuoso from "Concerto in A Minor" by Schumann, Mrs. William P. Osmer, Jr., with orchestral parts at the second piano by Jeno Swislawski.

Mrs. Freeman Peterson will head the hostess committee for tomorrow afternoon's tea, with the following as her aides: Mrs. Anna Wilson; Mrs. Louis Rapin; Mrs. Boris Waxman; Mrs. Peter Hornig; Mrs. W. E. Africa and Mrs. Arthur Mahaffy.

Mrs. Allie Russell, club president, has asked all active members to meet with her at 1:45 p. m. Wednesday to discuss some further plans for observing the club's golden jubilee celebration.

Social Events

QUAINTANCE CLASS

Over 50 members of the Quaintance Class attended the regular meeting and chicken dinner held at the First Baptist church. After devotions led by President, U. G. Hodgkin, the following officers were chosen for next year: President, Mr. Hodgkin; vice president, John C. Claman; secretary, Mrs. Earl Burbee; treasurer, Mrs. Alton Waite; teacher, H. D. Harris; assistant teachers, Edwin Jack and E. V. Mellander.

After the business meeting, a Bible was presented to Mr. and Mrs. Fred Campbell, leaving to make their home in Buffalo, N. Y., for the gift being a remembrance for their fine work in the class. Games and a social time occupied the remainder of the evening. Chairmen of the social committees headed by Mr. and Mrs. Burbee were in charge.

PLANNING PARTY

Dorcas Class members of the First Lutheran church are planning a class anniversary party for May 7, in the form of a 6:30 dinner at the Y. W. C. A. Gifts in the form of wash cloths will be brought for the children at the Bethesda Home at Meadville.

At the regular meeting of the class, games were enjoyed and refreshments were served by a committee consisting of Mrs. William Leuthold, Mrs. Edward Rogers, Mrs. Richard Myers and Mrs. Robert Holcomb.

SPECIAL RECITAL

Eugene Kuester will present ten pupils in a special post-Easter recital of sacred music in the Conservatory auditorium on Tuesday evening, April 21, and the public is cordially invited. Compositions by Bach, Handel, Mozart and excerpts from Gault's "Holy City" will comprise the program. As assisting artists, the piano duo of Eleanor Klinefister and Meredyth Young will be heard in a Bach Chorale. Further details of the plans will be announced later.

ON THE JOB

ON HER DIFFICULT DAYS

ABUNDANCE OF HEALTH

BY PAUL BRAUNSCHWEIGER of the Mullin Drug Co.

Of course you have a family physician, but do you make full use of the services he is qualified to render?

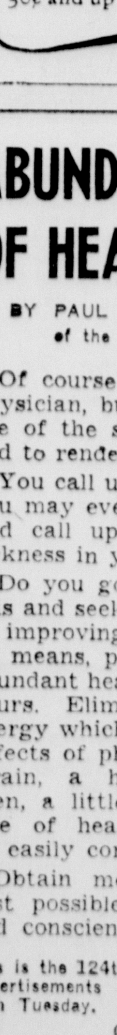

You call upon him in sickness, you may even be very advanced and call upon him to prevent sickness in your family.

Do you go even further than this and seek the doctor's advice in improving your health? By all means, prepare to enjoy the abundant health which should be yours. Eliminate that waste of energy which comes from minor defects of physical health. Eye strain, a headache now and then, a little lassitude destructive of health and happiness, all easily corrected.

Obtain medication from the best possible source, a trained and conscientious pharmacist.

This is the 124th of a series of Editorial Advertisements appearing in this paper each Tuesday.

Save all the vitamins

You pay for!

You can protect your family's health through modern GAS cooking

The vital importance of vitamins and minerals in the diet, as health insurance, is generally recognized.

The consequences of improper diet are also being fully demonstrated. For example, of 1,000,000 men examined by selective service and army physicians, 380,000, or more than one third, were found unfit—evidence of the need for a more intelligent approach to nutrition in the proper feeding of a family.

The foods you buy—if you buy wisely—contain all the vitamins and minerals you need.

But be sure you get all the vitamins and minerals you pay for—that you serve them to your family and do not boil them away or pour them down the drain.

The best way to be sure is through modern GAS cooking. With modern GAS cooking, you have a tool by which to help achieve victory and preserve your family's health. Low-flame or simmer cooking, with small amounts of water, will conserve vitamins and minerals. And low-temperature roasting will save vital food elements in meats, besides improving their appearance and flavor. Call your gas company for further information.

B. P. W. MEMBERS ATTEND BANQUET

Twenty-seven members of the Warren Business and Professional Women's Club attended the 11th annual birthday banquet of the Youngsville Club, held Monday evening at the Pittsfield Inn, with about 100 reservations. One of the speakers was from Warren, also, Mrs. Magno de Carvalho, who spoke informally concerning women in Brazil.

Mildred Van Sickle was toast-mistress for the program which followed dinner; with group singing led by Lillie Wood and accompanied by Lillian Swanson; clarinet selections, George Walter; welcome by Mrs. Canfield, Youngsville president; solos by Mrs. Wood and Miss Swanson; and a splendid address on the part of women in the national defense program by Mrs. E. C. Barnes, of Corry.

ZONTIANS TO MEET

Zonta Club members will have a six o'clock dinner Thursday evening in the private dining room of the Blue and White Restaurant, with an address by Holgar N. Elmqvist. All members are urged to be on hand.

PHILATHEA CLASS

The Philathea Class of the Calvary Baptist church will meet in the church at eight this evening, with Mrs. Martin Hamlin and Mrs. B. F. Armstrong as hostesses. An interesting program has been arranged, with Dr. James A. Davidson as speaker. Members and friends are cordially invited.

DORCAS CIRCLE

The Dorcas Circle of Grace Methodist church will meet tomorrow in the League room, with a tureen luncheon at one o'clock. A large attendance is asked because of important items to be voted upon.

Feature selections included piano solo by Lois Ann Bosin, Peggy Henderson and Nancy O'Dell; clarinet solo, Barbara Smith; saxophone duet, Marilyn Green, of Warren, and Jack Wood, of Youngsville; piano duo, Frances Ann Carlson and Patty Kolpien; piano duet, Jean Eames and Alice Felhman.

Y-DEBS HEAR MRS. HUFF

Y-Deb Club members of the Y. W. C. A. met at the activities building at 6 p. m. Monday for dinner and to hear Mrs. Howard Huff give some very helpful suggestions for various books which should be read in the present crisis. During a short, informal business session it was announced that a national Y. W. C. A. conference will be held in Pittsburgh over the coming weekend. Any local members wishing to attend should call the general secretary, Mrs. J. H. West, as soon as possible.

W. B. A. MEETING

Review No. 4, Woman's Benefit Association, will have a dessert-bridge for the public in the S. F. of A. hall at 1:30 p. m. Thursday and a large attendance is hoped for. The regular meeting will be held at eight o'clock, preceded by the annual spring dinner at six.

Milk Mixture For Stomach Ulcers

A recent medical discovery now being used by doctors and hospitals everywhere has proven unusually successful in the treatment of stomach ulcers caused from excess acid. It is a harmless preparation yet so effective that in many cases the pains of stomach ulcers disappear almost immediately after it is used. Also recommended for gas pains, indigestion and heartburn due to hyperacidity. Sufferers may now try this at home by obtaining a bottle of Lurin from their druggist. Lurin contains this new discovery in its purest form. Easy to take. Just mix two teaspoonfuls in a half glass of water or milk. Costs but little. Try a bottle, it must satisfy or money refunded. Lurin for sale by Miller Cut Rate and drug stores everywhere. (adv.)

From the Salvage for Victory Committee

This is the big week. Rags, bones, bottles... remember the old chant?... and the chant is swelling to a roar all over America. Needed! Those things that America has wasted in the past! Those things that America has disdainfully disregarded! Those things that America, rich and at peace, could not be bothered with!

But America is no longer at peace. And it will be a long time 'til she will be rich again. Now we are an island. We must get our rubber at home. Our steel. Our fabrics. Our glass. The seas are no longer a highway, but a devil's cauldron—those devils which, like the elves of the Wagnerian legends, lurk beneath the surface, and work their evil will.

Scrap iron! Old rags! Paper! Magazines! What's in your attic? What's in your cellar? What's in your garage? Did you investigate over the weekend? If you didn't, you'd better do it tonight. It's not too soon to start.

How about this for a program? Go junk-spotting on your premises tonight. Locate the usable salvage. Write it down if need be. Wednesday start to bring it out. It will take more than an evening. Continue the job Thursday. And Friday.

Friday get the stuff sorted. Newspapers separate, tied in bundles. Magazines in a separate pile, also tied. Metals in another pile. Old rubber in another (tires, hot water bottles, rubbers, and the like). Old rags in another.

Saturday morning get the stuff out on your curb. And your job is done!

36 trucks, volunteers all of them, will begin their work at 1 P. M. Four Boy Scouts, volunteers, will be with each one. If you wish to donate your salvage, they will take it (proceeds to U. S. O.). If you want to sell it, they'll take your name and a junk dealer will call. But be ready! They cannot wait!

The Home Street School Troop, 41 of the Girl Scouts stole a march on the general program. Eight girls, aided and abetted by fathers, mothers, brothers, and cousins, raided the homes on Saturday of outer Cone-wango from Pioneer Street to the Watson Home, and from the Creek to the Hill.

Results? Believe it or not—1,885 pounds of scrap iron. (Nearly one ton to you, friends.)

5,860 pounds of paper and magazines. (Nearly three tons.)

200 pounds rags, 100 pounds rubber, and about 19 pounds of aluminum.

All this fine work was done under the supervision of Girl Scouters Correll and the immediate active direction of Mrs. Warren Stone. Masterson's donated a truck.

Three cheers for a fine job!

North Warren Civic Club, under Chris Pepke, has been collecting all kinds of scrap for several months. Those boys are on their toes at all times. I bet they even knew about Pearl Harbor a couple of hours before the rest of us. And they sure know about Salvage.

More Salvage news tomorrow in "SCRAPS." Watch for it!

The SCRAPER

COMING AND GOING

Edward Genberg, who is employed at the Philadelphia Navy Yard, is spending a few days visiting friends and relatives here.

Richard Meacham has returned to Washington, D. C., where he is employed. He has been in Warren for the past week, visiting his parents, Mr. and Mrs. H. B. Meacham, Crescent Park.

Mrs. Charles Blackman, Warren Jamestown Road, departed for New York City last evening. She will be joined there by her father, A. C. Jackson.

Mr. and Mrs. Harry Smith, of Wilkinsburg, were the weekend guests of the former's brother and wife, Mr. and Mrs. William Smith, East street.

Mrs. George Calderwood, Verbeck street, has returned home after a few days' visit with Mrs. William Holden, of Buffalo, N. Y.

Mrs. Anthony Font and daughter, Mrs. Herman Nesmith, have returned home from Charleston, W. Va.

Miss Rosemarie Williams, a student in the Jamestown high school,

spent the Easter week with her grandparents, Mr. and Mrs. Harvey J. Brinkley, Saybrook.

Mrs. Cora Pope and daughter, Mrs. Florence Gardner, have moved to Warren and are occupying the Cleveland property at 214 Hazel street; their many friends will be pleased to know.
